**ID:** B081775

**Current working:** Scientist 'B' at DRDO.

**Testimony:** I have been really lucky to get an opportunity to study my PUC and BTech at RGUKT. The faculties at RGUKT are amazing at teaching and make the students comfortable with difficult subjects. I am enough fortune to have good lab facilities in my ECE department that helped me to get a great practical exposure on the subject. The knowledge base created at the college helped a lot to crack the technical interviews.

**Name:** G.Raghava Reddy

**Batch:** 2008-2014

**Current Working:** Indian Telecommunications Officer (ITS) in Govt.Of India.

**Testimony:** I completed integrated B.Tech (Pre University Course and B.Tech) in Electronics and Communications Engineering stream from RGUKT Basar during 2008 to 2014. I secured All India 26th rank in ESE-2018, All India 32nd rank in GATE-2018 and State 1st rank in Transco AE recruitment

The curriculum adopted is up to date and relevant to the industry needs. The methodologies like Learning by doing and learning to learn have profound impact on my career. Good quality sports facilities and other amenities are provided.

**Batch:** 2008-2014

**Current Working:** Assistant Manager (Air Traffic Safety Electronic Personnel), AAI, Hyderabad

**Testimony:** Now I stood as a Public Servant because of RGUKT. Otherwise, I may be in a public as one among all the other people. I want to specially mention about the examination pattern of RGUKT. The unique examination system also made us to face any challenges and competitions which are time bound with more accuracy which made me to achieve GATE AIR 538 in 2015.

My campus life given me sincere, honest, hard working friends, the circumstances made me an encouraging environment to learn things. I also owe to my Teachers of My Graduation at RGUKT, they not only given rich academics skills but also strength to live life efficiently to face challenges further.

**Batch:** 2009-2015

**Current Working:** Indian Air Force.

**Testimony:** RGUKT has never compromised on its infrastructure in academics, labs, syllabus and all that required for an individual to develop, I am one among who witnessed and experienced especially in my Graduation. With the constant support and encouragement from the faculty and mentors, I strove for good grades and also involved in student activities. This built my confidence and helped me in my selection in Indian Air Force. The cooperative and liberal faculty members of my Dept of ECE always urge the students to think and come up with innovative ideas, techniques on their own to improve academically and also to inculcate communication and leadership skills. I

believe "Everyone has hidden talent, the opportunities and experiences and RGUKT will bring them to light"

**Batch:** 2009-2015

**Achievements include:** AIR-43, GATE'17 etc.

**Current Working:** Scientist C - Space Applications Centre, ISRO.

**Testimony:** I specially appreciate the unique examination system at RGUKT which was way ahead of time. The WAT, CAT and semester examinations are designed in such a pattern which resembles the contemporary competitive exams thus giving us a pre exposure and making us future ready.

The extra-curricular activities like sports, literary, cultural, tech fests and other social events happening regularly in the college have given ample opportunities for exploring the other side of me. This definitely has helped me in grooming my personality and all round development. I strongly believe that such unique features of RGUKT have definitely given me an edge over others in this ever demanding and highly competitive world. I also thank to My Dept Staff, Faculties, Facilities for which is also the reason for where I stand now and I would not have chosen better.

**Batch:** 2011-2017

**Current Working:** Analog Devices (systems Modelling), M.Tech ,Final year NIT-Rourkela

**Testimony:** If I have to remind myself, I would say maintaining discipline is very important although it is a bit hard. Do not let your early success make your discipline go down. Try to maintain consistency in your good efforts and good performances at all levels. Failure can hit you hard but that's when your discipline should motivate you to go again. Have balance in life, good friendships; take care of your health and people around you.
